

NOTE 2 – Non-Commercial Item Terms and Conditions

The Federal Acquisition Regulation (FAR) clauses referenced below; and any others identified in the KAI purchase order, are incorporated herein by reference, with the same force and effect as if they were given in full text. They are applicable at the thresholds indicated, including any notes following the clause citation, during the performance of this Contract.

This Contract is entered into by the Parties in support of a U.S. Government Contract. This contract includes the appropriate flow-down clauses as required by FAR/DFAR and the related Prime Contract, each of which is flow-down to the Contractor and/or Subcontractor. In no event shall the “Contractor or Seller” acquire any direct claim or course of action against the United States Government. No Terms or Conditions contained in the subcontracts will abrogate, limit, restrict, or waive any Government right(s).

Where necessary to derive proper meaning in a subcontract situation from these clauses, “Contractor” means “Seller,” “Contracting Officer” means “Buyer,” “Contract” means this Purchase Order/Subcontract and “Government” means “Buyer or the Government.” However, the words “Government” and “Contracting Officer” do not change: (1) when a right, act, authorization or obligation can be granted or performed only by the Government or the prime contract Contracting Officer or duly authorized representative, (2) when title to property is to be transferred directly to the Government, and (3) in FAR 52.227-1, 52.227-2, and DFARS 252.227-7013 and 252.227-7014.

Order of Precedence. Any inconsistencies in a solicitation or contract shall be resolved by giving precedence in the following order:

1. Applicable FAR/DFAR clauses.
2. Prime Contract clauses and/or requirements.
3. Contract specific requirements

Note: Federal law governs the interpretation and application of FAR/DFARS clauses.
